

**STATE OF INDIANA
CIRCUIT AND SUPERIOR COURTS**

**REQUEST FOR APPROVAL TO REVALIDATE
CURRENT CASELOAD ALLOCATION PLAN**

The judges of the Courts of record of Owen County have met and reviewed the current weighted caseload statistics for the courts. This review indicates that the current Caseload Allocation Plan ensures an even distribution of cases between the courts of record in the county.

Accordingly, the judges of the courts of record have decided to revalidate their current Caseload Allocation Plan as required by Administrative Rule 1. This Caseload Allocation Plan was previously published for public comment as required by Trial Rule 81 and approved by the Indiana Supreme Court.

We request Indiana Supreme Court's approval to revalidate the current plan.

Submitted this 6th day of May, 2021.
